

## How to join a class in Zoom

1. Your instructor will send you an email with an invitation to join a meeting in Zoom. This message will have a link.
2. Click on the Zoom link. A web browser window will open. You may be asked if you want to open Zoom Meetings. Click Open.

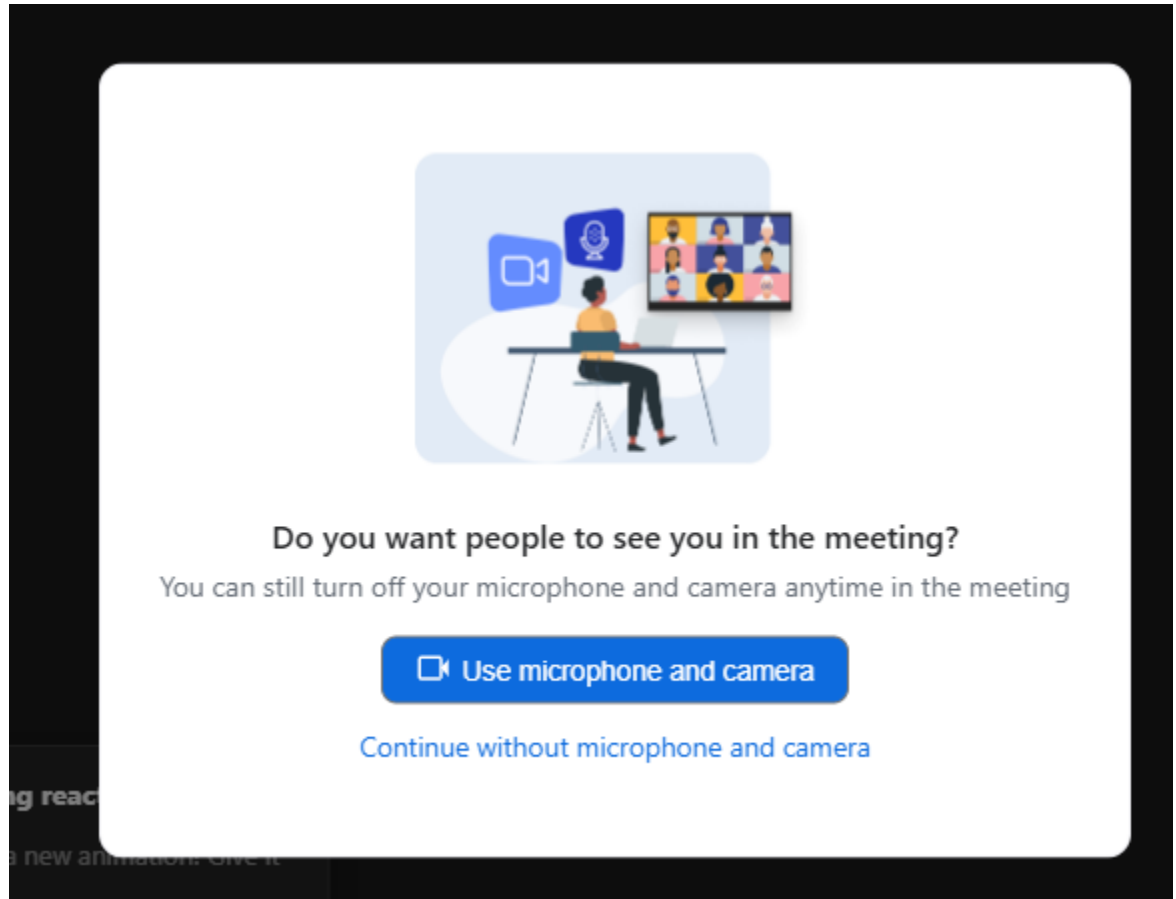

3. If you have the Zoom app already downloaded on your device, it will open that. If Zoom does not open, you will have the option of click to join from the workplace app (if you have the app downloaded) or join from browser. We recommend joining from browser.

4. Click on the button "Join from your browser."

5. A new page will open and you will be asked if you would like to use your microphone and camera. Click on to use.

You may be asked to allow use while visiting the site or all the time. We recommend while visiting the site.

6. Zoom will now open in your browser.

- **Congratulations! You are now in Zoom!**

Take a look around. Locate your Mute and Video Buttons. Practice turning them on and off!
