User Experience & Controls

Security controls are now grouped together and found by clicking the Security icon on the host meeting menu bar. **These controls allow the host to enable or disable the ability for participants to:**

- Screen share
- Chat
- Rename themselves

Report a User

Hosts can report users to Zoom's Trust & Safety team, who will review any potential misuse of the platform and take appropriate action.

Enable Waiting Room

All hosts may now turn on the Waiting Rooms while their meeting is already in progress.

Lock Meeting

Lock your meeting after everyone has arrived to prevent any unwanted disruptions.

Remove Participants

The host may remove a participant and they will be unable to re-enter the meeting.
